of Deposit Insurance

its primary objective was the protection of depositors. This Corporation began insuring deposits January 1, 1934. It is a permanent organization.

It now insures deposits in a great majority of the banks, including this institution. As a result, millions of depositors enjoy a degree of financial security heretofore unknown. When you have money on deposit here you know for a certainty that your deposits up to \$5,000 are fully safeguarded against loss. Deposit insurance is for

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-lagen mucus and toxines.

Second, Calotabs are diuretic to the kidneys, promoting the dimination of cold poisons from the system. Thus Calotabs serve the double purpose of which are needed in the treatment of colds.
